This copy supersedes all earlier copies. Regenerate quarterly and after any major life event.

1 · In the first 48 hours

Call these people, in this order.

Spouse	M Sample
Executor	Meyer & Partners Attorneys
Funeral cover	not recorded

Before anything else: do not cancel debit orders or close accounts. An estate is frozen at death, and the executor needs the account history intact. Get at least ten certified copies of the death certificate — every institution will want one.

2 · What my family will *not* find

This is the most important page in this document. A Life File that showed only what is known would be a comfortable lie.

Highest consequence, missing

- **Location of the signed original will is recorded** — A Sample

not recorded anywhere in the vault

A will nobody can find is a will that does not exist.

- **Location of the signed original will is recorded** — M Sample

not recorded anywhere in the vault

A will nobody can find is a will that does not exist.

- **Suretyships declared, or explicitly confirmed as none**

not recorded anywhere in the vault

The most-forgotten and most-damaging item at death. An undeclared suretyship can consume an estate that otherwise looked solvent.

- **Thirty-day liquidity plan**

not recorded anywhere in the vault

An estate is frozen at death. Without reachable cash the family cannot pay for the funeral, the bond, or the groceries, regardless of how solvent the estate is on paper.

Shortest path to fixing it

1. **Location of the signed original will is recorded** — minutes, recovers 11.8% (A Sample, M Sample)
2. **Password manager location and master access plan** — minutes, recovers 2.9% (Household)
3. **Burial or cremation preference recorded** — minutes, recovers 2.2% (A Sample, M Sample)
4. **Suretyships declared, or explicitly confirmed as none** — hours, recovers 5.9% (Household)
5. **Thirty-day liquidity plan** — hours, recovers 5.9% (Household)

3 · Funeral and final wishes

Not recorded. No burial, cremation or service preferences have been recorded. The family will have to guess, usually within 48 hours.

4 • The will

Type	will
Signed	yes
Signed on	2023-03-12
Executor	Meyer & Partners Attorneys
Custodian	—
Original kept at	—

5 • Money in the first 30 days

R30 000.00 reachable within 30 days

That is about 0.7 months of household spending. The estate is not short of money — it is short of REACHABLE money. Bank accounts freeze at death, including joint accounts, and anything falling into the estate takes months. A small policy paid to a nominated beneficiary is the usual fix.

SOURCE	AMOUNT	AVAILABLE IN
SOUTHERN MUTUAL ASSURANCE (life)	R2 315 100.00	360 days
NORTHWIND SOFTWARE (PTY) LTD (group life)	R4 100 000.00	60 days
NORTHWIND SOFTWARE (PTY) LTD (funeral)	R30 000.00	7 days
Bank accounts	R150 044.09	frozen

Total eventually reachable: R6 445 100.00. Falling due at death: R461 125.92.

6 · Where the documents are

Digital copies live in the LifeOS vault at the paths below. Ask the executor for access. **Physical originals are elsewhere** — where they are kept is recorded per document, and any blanks appear in the gaps section.
